

Parents' Night Out

2013-2014

Parents' Night Out are **free** parent info sessions that focus on current and emerging topics. The evenings are from **7pm to 9pm** and open to all parents/caregivers in New Westminster and surrounding cities. Light refreshments and child minding will be provided. (please indicate if you need child minding and how many children will be registered) We look forward to seeing you.

Internet Safety—*Jesse Cochrane*

November 6th

École Glenbrook Middle School—Multipurpose Room

Consider a school playground where games are played, words exchanged, opinions stated, memories made and experiences shared. Imagine a school hallway, where stress is endured, judgements made, relationships created and destroyed. Apply all of this to a social media based website and you will experience the environment that the majority of youth live in today.

Connected by multiple devices to multiple forms of social media, students connect to hundreds of friends uploading daily activities as events occur, including successes and failures, opinion, complete with contact information.

Come learn what you need to know about the safe use of social media. Find us on Facebook for dates!

To register please email: communityschools@sd40.bc.ca or show up!
