

New Westminister School District No. 40

Consultation Meetings for Programs of Choice Catchments (Fall 2015)

New catchments for Programs of Choice will be established for the fall of 2015. This will mainly affect students entering Kindergarten in Montessori and Early French Immersion in the fall of 2015. For the school year 2014-2015 (this coming fall), the catchments for Montessori and French Immersion are the whole district, which is the same as currently. However, for the following year, 2015-2016, catchments will be determined so that students will have the best chance to attend the Program of Choice closest to their residence. Students already in a program of choice will not be affected. Students attending the regular program in their neighbourhood school are also NOT affected.

Community consultations on the exact boundaries for these catchments will be held at the following meetings. Please help us spread the word so that interested parents of pre-school children will be able to attend and have input on these boundaries. We look forward to seeing you at the meetings!

Program	Room	Location	Date	Time
Montessori	Gym	Richard McBride Elementary (331 Richmond Street)	January 22, 2014	6:30 to 8:30 p.m.
