

New Westminster Late French Immersion Parent Night

Why choose Late French Immersion for your child?

If your child is in Kindergarten to grade 5, one of the important decisions you will make is whether you want to put in an application for your child for Late French Immersion starting in grade 6.

What is the program like? What can my child expect? Are all the classes in French? How can I help my child? One way to help answer these questions is to attend the information meeting on Thursday, January 14th.
